

Eliminate Print Servers

Establish a serverless printing infrastructure that eliminates the need for print servers, delivers centralized print management, and empowers end users to install their own printers with a single click.

Migrate

Automatically import your existing printer objects and eliminate all print servers.

Manage

Centrally manage printer objects, drivers, profiles, and settings.

Deploy

Push new printers and updates to end users without scripting or GPOs.

Print

Centrally manage direct IP printing and keep print jobs local.

“To have a single view of our print environment dramatically simplifies our lives. And knowing that there is no single point of failure gives us peace of mind.”

MANFRED LAPP | LUFTHANSA TECHNIK AG

97%

average customer satisfaction score (CSAT) for Vasion Print customers

Serverless Printing Infrastructure

With our centrally managed direct IP printing platform, you'll eliminate all print servers and empower end users with Mobile Printing, Secure Release Printing, and many advanced features that legacy print management applications can't provide.

True SaaS Solution

Completely serverless, multi-tenancy, no VPN required

VDI Printing

Deploy printers based on user ID, device location and/or name

Advanced Reporting

Track all print/scan/copy activity across your organization

OS Agnostic

Direct IP printing for Windows, Mac, Linux, and Chrome OS

Mobile Printing

Empower users to securely print from any iOS or Android device

Other Features

- ✓ Keep Print Jobs Local
- ✓ Touchless Secure Printing
- ✓ Maintain PHI Compliance
- ✓ Zero Trust Printing
- ✓ Automated Updates
- ✓ EMR Printing

Printer Agnostic

Deploy and manage native drivers for any network printer

Secure Release Printing

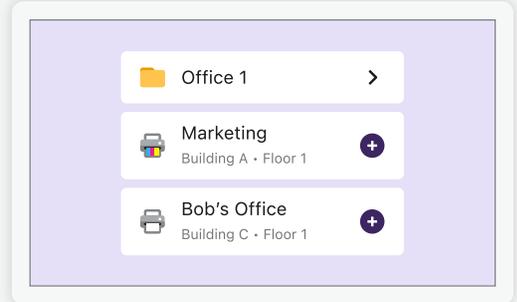

Hold print jobs and release them from any printer, anywhere

Cloud-based IdP Support

Authenticate with identity providers like Okta, Azure AD, and Google ID

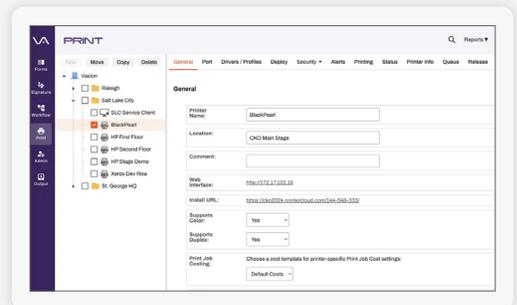

Off-Network Printing

Provide secure printing access to BYOD, remote, and affiliate end users

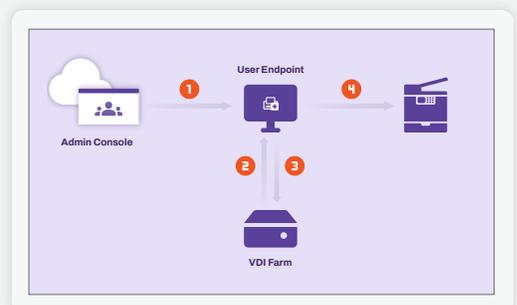

Self-Service Printer Installation Portal

Empower end users to install printers via floor plan map or drop down list without calling the helpdesk.

Centralized Admin Console

Manage printer objects, set up automated deployments, and track costs from a single user interface.

Dynamic VDI Printing

Leverage existing front-end printing infrastructure and deliver a uniform print experience to users in VDI environments.
