ELIMINATE PRINT SERVERS

Eliminate Print Servers

Establish a serverless printing infrastructure that eliminates the need for print servers, delivers centralized print management, and empowers end users to install their own printers with a single click.

Migrate
Automatically import your existing printer objects and eliminate all print servers.

Manage
Centrally manage printer objects, drivers, profiles, and settings.

Deploy
Push new printers and updates to end users without scripting or GPOs.

Print
Centrally manage direct IP printing and keep print jobs local.

"The impact of eliminating our print servers was immediate. We no longer have to worry about print servers going down and disrupting business. I wish we would have discovered PrinterLogic years ago."
