

# Drive Efficiency with an Integrated Solution

## Vasion Automate Pro

### Accelerate Digital Transformation and Automation

Do you feel stuck with legacy technology, limited resources, and budget constraints? Does your organization need to digitize and automate manual and repetitive tasks? It's time to level-up.

Vasion Automate Pro is a comprehensive SaaS solution that enables companies to digitize advanced business operations within weeks, not months. Leverage Vasion's no-code platform to build workflows that digitize physical documents, harness data, and automate processes that drive efficiencies and lower operating costs. Now you can:

- Navigate the complexity of combining print and digital work
- Streamline and automate manual processes
- Lower costs by replacing multiple tools with one solution
- Provide visibility into operations and surface inefficiencies
- Prevent data loss from document mishandling

You can finally break down silos, reduce infrastructure, and increase efficiency across your organization with a partner who understands how to get you there.

#### REAL RESULTS

**80%**

reduction in  
turnaround time

**\$36**

per transaction  
in average savings  
from productivity gains

**20%**

reduction in errors

**“Vasion is a valuable part of our daily operations. With its functionality and ease of use, we are always looking for ways to utilize it in order to increase our company’s productivity.”**

Shari McGee, IT Director, New York Therapy Placement Services

## KEY BENEFITS

# A Scalable Solution to Accelerate Your Digital Transformation

### ✦ Digitize Existing Documents

Intelligently capture data from paper documents with OCR and scanning capabilities to store, search, and move data through automated Workflows.

### ✦ Eliminate Legacy Systems

Replace outdated systems with Vasion's fully integrated solution designed to streamline daily tasks and enhance operational efficiency.

### ✦ Connect Single-Point Systems

Easily integrate with third-party systems for centralized document management, including Google Drive, OneDrive, Box, AWS S3, Amazon WorkDocs, etc.

### ✦ Customize No-code Workflows

Build Forms and intuitive, no-code Workflows using drag-and-drop functionality without the help of developers. Then, deploy custom automations to move the right data, to the right people, at just the right time.

### ✦ Improve Internal Collaboration

Strengthen cross-departmental communication with one solution for streamlined collaboration, visibility, file sharing, and content management.

### ✦ Enhance Security and Compliance

Meet compliance regulations with audit trails, user access controls, encrypted data, automated reporting, and secure storage.

### ✦ Professional Services

Mitigate integration challenges and frustrations with Vasion's professional services for a hassle-free and fast implementation experience.

## Your Ready-to-Go Digital Transformation Toolset

Vasion Automate Pro is your single, integrated solution, engineered with the tools you need to digitize processes, automate your business, and accelerate your digital transformation.

### Intelligent Physical Capture

- Scan from MFP, scanner, or mobile device
- Advanced AI/ML OCR/ICR engine
- Barcode/zonal scanning & redaction

### Workflow Automation

- No-code workflow designer
- Platform native digital signature
- Third-party API connectors

### eForm Digital Capture

- Drag & drop eForm builder
- PDF-to-web form converter
- Embeddable to any website

### Content Management

- Document encryption & version control
- Secure & audit internal & external sharing
- Third-party cloud storage integration

Lead your organization's digital transformation with Vasion Automate Pro.
